

DALLAS BUSINESS JOURNAL

Suzanne Kriscunas

MANAGING DIRECTOR AND FUND MANAGER, THE RIVERSIDE COMPANY

10TH ANNIVERSARY

Women *in* Business

Suzanne Kriscunas leads Riverside's flagship North American investment fund. The group acquires majority ownership of small middle market companies across a variety of industries with a goal to help grow the businesses and provide needed capital among other types of support. "I was fortunate to 'stumble' into this industry back in 1981 when I was in a credit training program at one of the Dallas banks," said Kriscunas. "As a part of the training, I had the opportunity to do a rotation in the bank's venture capital subsidiary. I loved it! And, fortunately, that group invited me to stay and I've built my career in private equity investing since that time."
